In the Afternoon the Team visited OACK (Organic Agriculture Centre Kenya) and welcomed by Mr Stephen Wainaina the Director OACK and the Staff where introductions and a brief about OACK was shared. OACK is one of the Member located in Central and Nairobi zone. The Team proceeded for a field visit in one of the groups members of OACK Gitaigua Farmers group. The Team held an interaction session with farmers. The members are located in a Tea zone area and are seriously facing problems on food security mainly because focus has been more on Tea production for income ignoring production of quality food. The group has become a model for other farmers in changing lifestyle by engaging in Organic farming and Village Saving Schemes.
